Random Text

Here is a document that uses reportlab's randomtext module to generate random text. The source is quite short:

```
globals().update(pds.__dict__) #from lino.sdoc.commands import *

from reportlab.lib import randomtext
setTitle('Random Text')
h1(getTitle())

p("""Here is a document that uses reportlab's randomtext module
to generate random text. The source is quite short:

setFeeder('plain')
pre(file(getSourceFileName()).read())

p("Now here is the result. Enjoy!")

themes = {

    'STARTUP' : """words suitable for a business plan - or not as the
    case may be""",
    'COMPUTERS' : """names of programming languages and operating
